

It Runs Through Me

Tom Misch

1, 2, 3, 4

Couplet 1

I love the way it flows
I love the way it grows
There's something in this sound that takes me far
It's like a special song
Can move my mood along
But I cannot say you're here through my guitar

Pré-refrain

She told me add a bassline
And everything will be alright
She told me that the groove is mine
It will take us through the night
And where I'll go
Can't explain, I'll never know
But it's beautiful

Refrain

You can't take this away from me
All the way I hear the melody
The waves bring clarity
Running through me
(x2)

Couplet 2

I love the way it sings
All the joy that it brings
Remember skating down the road towards the park?
I can never say no
You with that summer glow
The music is me sun when winter stars
