

Up To No Good

1,2,3,4,5,6,7,8

Couplet 1

NO one is safe here
We're all in danger
through the corridor
I see a stranger
Robbin and Ransacking
I see him walking
Lock your doors now
I hear him knocking

Pré-Refrain

Up to no good
Up to no good
Like a spark on a wire
or a splinter in wood
best intentions get misunderstood
but that motherfucker is

Refrain

Up to no good [x6]
1,2,3,4,5,6,7,8

Couplet 2

Quick like a snake
He's good at stealing
He'll even steal the plaster
off the ceiling
Cloaked in darkness
I see him standing
Making moves in the night
He's a ghost man

Pré-Refrain

Up to no good
Up to no good
Like a spark on a wire
or a splinter in wood
Best intentions get misunderstood
but that motherfucker is

Refrain

Up to no good [x6]

Couplet 3

Criminals I understand them
Watch your back
Cause we'll come at random
Born to lose
And you end up in the system
He's our friend
Now we're gonna miss him

Pré-Refrain

Up to no good
Up to no good
Like a spark on a wire
or a splinter in wood
best intentions get misunderstood
but that motherfucker is

Refrain

Up to no good [x8]
