

OCT 33

Black Puma

A-Intro

B-Couplet

I've got your number, lonely

October 33

I wear it on my soul's back

Like, fair, fair, fair

And, I can hear the brass ring, I hear it in the nosebleeds

Where you once felt a cold breeze

Think it was Halloween

I've got your number, lonely

October 33

That's cold facts, fair, fair, fair

Holds me down, like you know how, darlin'

Hold me now, like you know my plight

A-Thème

Got your number, I do, Alone in the back

I'm sending love where you are at, I do

B-Couplet

I've got your number, lonely

October 33

Your love's my only good thing

Like, fair, fair, fair

So, help me hear the bird sing

I'll help you capture your dream

Let's see it in the present, and try to let it be

I've got your number, lonely
October 33
I'm knockin' at your door, babe
Like, fair, fair, fair
You can hear the band play
Then listen to my heart say
It's gonna be a good day
October 33

A-Thème

Got your number, baby, I do, Crying in the back
I'm sending love where you are at, I do, to you

Solo

Hold on (x3), Fair (x3), Hold on (x3)

A-Thème

Say, I wanna make it alright,
Good times, stop, look and listen
Said, I wanna make it alright
Stop, look and listen,
Alone in the back
Send love where you're at,
I do
