I do as I want, I do as I like  
I no watch face, I no fear nobody  
Nobody  
Said I do as I want, I do as I like  
I no watch face, I no fear nobody  
No fear nobody

Emini paid, what can you offer?  
Snakes in the grass, no trust am  
Point and kill any impostor  
Smooth travel, never stuck in customs  
That's in any city, you can come and see it with me  
Reality will hit you 'cause not everywhere is pretty  
But for now bring the Naira, come gimme  
Can't stop greatness, what's the point in trying hard  
Not to recognize with all this pressure we applying  
Tell my people rise up, can never be silenced  
You think we're apologetic, I think we're defiant  
Mummy say I gotta be a go go getter  
Got the devil tryna tempt me but I know better  
Never been the type to not acknowledge all the signs  
It's a fact that everything I want is in front of my eyes  
So when I see it I

Point and kill  
If I want it, it's mine  
You can't stop me huh

Point and kill  
Point and kill

You can't stop me oh, You can't stop me, Point and kill  
You can't stop me oh, You can't stop me, Point and kill  
You can't stop me oh, You can't stop me, Point and kill  
You can't stop me oh, You can't stop me
