

## **Do your thang** *Electro Deluxe*

Free your mind  
The rest will follow  
All my people  
Out there take the call

You may be big on the small  
I don't care, YOLO  
Freak feel like flyin' tall

One thing you're gonna need is  
A funky groove  
We sure got that  
Lying here, or even there  
Right there in your underwear  
Freak is with you everywhere

Come out and play  
This day  
What a thang, what a thang  
Do your thang

Come out and play  
This is your day, shine  
What a thang, what a thang  
Do your thang

Everybody sing

What a thang, what a thang  
Do your thang  
(Do your thang!)

What a thang, what a thang  
Do your thang

Don't call me a misfit 'cause  
We're not alone  
You're outnumbered

Baby you're straight  
LGBT  
Or you're somewhere in between  
Our arms are open in this family

Come out and play  
This day  
What a thang, what a thang  
Do your thang

Come out and play  
This is your day, shine  
What a thang, what a thang  
Do your thang

Everybody sing

What a thang, what a thang  
Do your thang  
(Do your thang!)

What a thang, what a thang  
What a thang, what a thang

Your thang

Do your thang
