Dm Am

Day after day I dissipate away
E **Am**
 It seems to me okay is the only word I say today
Dm **Am**
 Lies that grind right through your hollow mind
B **E**
 To find that time itself has always been on your side
Dm **Am**
 Rewind pass reverse, same lines that you rehearse
E **Am**
 Same lies when you've been hurt, tryin' to swallow your worth
Dm **Am**
 Matter of mind, matter fact stay on your grind
E **Am**
 And come back and recognize in a lucid state of mind

[Verse 3]

Dm **Am** **E** **Am**
 Time disagrees with the roots and trees
Dm **Am** **B** **E**
 Dyin' to glimpse the day, heyy
Dm **Am** **E** **Am**
 I've tasted gravel and I've watched it unwind
Dm **E** **Am**
 But I'm still so far away
N.C.
 Okay!

[Chorus]

Dm **Am** **E** **Am**
 Lyin' awake like I've been before but
Dm **Am** **B** **E**
 I'm miles away I can't see straight no more
Dm **Am** **E** **Am**
 Right in your space I just walked through your door
Dm **E** **Am**
 But I'm still so far away

 They left me!

Dm **Am** **E** **Am**
 Lyin' awake like I've been before but
Dm **Am** **B** **E**
 I'm miles away I can't see straight no more
Dm **Am** **E** **Am**
 Right in your space I just walked through your door
Dm **E** **Am**
 But I'm still so far away
