[Rap]

**Fm** **Cm**  
Day after day I dissipate away  
**G** **Cm**  
It seems to me okay is the only word I say today  
**Fm** **Cm**  
Lies that grind right through your hollow mind  
**D** **G**  
To find that time itself has always been on your side  
**Fm** **Cm**  
Rewind pass reverse, same lines that you rehearse  
**G** **Cm**  
Same lies when you've been hurt, tryin' to swallow your worth  
**Fm** **Cm**  
Matter of mind, matter fact stay on your grind  
**G** **Cm**  
And come back and recognize in a lucid state of mind

[Verse 3]

**Fm** **Cm** **G** **Cm**  
Time disagrees with the roots and trees  
**Fm** **Cm** **D** **G**  
Dyin' to glimpse the day, heyy  
**Fm** **Cm** **G** **Cm**  
I've tasted gravel and I've watched it unwind  
**Fm** **G** **Cm**  
But I'm still so far away  
**N.C.**  
Okay!

[Chorus]

**Fm** **Cm** **G** **Cm**  
Lyin' awake like I've been before but  
**Fm** **Cm** **D** **G**  
I'm miles away I can't see straight no more  
**Fm** **Cm** **G** **Cm**  
Right in your space I just walked through your door  
**Fm** **G** **Cm**  
But I'm still so far away  
  
They left me!

**Fm** **Cm** **G** **Cm**  
Lyin' awake like I've been before but  
**Fm** **Cm** **D** **G**  
I'm miles away I can't see straight no more  
**Fm** **Cm** **G** **Cm**  
Right in your space I just walked through your door  
**Fm** **G** **Cm**  
But I'm still so far away

[Outro] (3-way Round)

**N.C.**  
Lyin' awake like I've been before but I'm (Lyin' awake...)  
Miles away I can't stay straight no more (Lyin' awake...)  
Right in your space I just walked through your door  
But I'm still so far away  
But I'm still so far away (Right in your space I just walked through your door!)

**Fm** **G** **Cm**  
But I'm still so far awayyyy
