

# I Sat By The Ocean

I sat by the ocean  
And drank a potion, baby, to erase you  
Face down in the boulevard  
Yet, I couldn't face you  
There ain't no use in crying  
It doesn't change anything  
So, baby, what good does it do?  
Your friends, they all sympathize  
Maybe I don't need them to

Imagined I'd be your one and only  
Instead, I'm the lonely one  
You, me and a lie  
Silence is closer, we're passing ships in the night

There's nowhere to run away  
Said, "Boy, if you want love  
You'll have to go and find it with someone new  
Do you know who you really are  
Are you sure it's really you?"  
Lies are a funny thing  
They slip through your fingertips  
Because they never happened to you  
Time wounds all the heals as we fade out of view

Imagined I'd be your one and only  
Instead I'm the lonely one

You, me and a lie  
Silence is closer, we're passing ships in the night  
You, me and a lie  
Silence is closer, we're passing ships in the night  
Into the light, left with nowhere to hide

Closer and closer, we're crashing ships in the night
